## RED HORSE INN

*Landrum, SC*

### WHY IT MADE OUR LIST:

One of the best ways to relax is to escape to the country and get away from it all. In upstate South Carolina, the Red Horse Inn does all of that.

The AAA rated four diamond Bed & Breakfast has six rooms to choose from at the Inn or select from six private cottages. Nestled in the Blue Ridge Mountains the Red Horse Inn offers visitors panoramic views and an unparalleled tranquility.

For more than just rest and relaxation, be sure to check out the Red Horse Inn Adventures, there are five self-guided adventures to select from to match the mood, whether it's hiking, rafting, or taking in some treasured views of waterfalls and covered bridges.
